ONE TEACHER'S IMPRESSION OF THE WAINWRIGHT CONVENT'N

The annual convention of the teachers of the Wainwright Inspectorate was held in Wainwright on Thursday and Friday October 15 and 16. It was voted a great success and was very much enjoyed by all who were able to attend. For the benefit of those who were unable to be there and also for that of the parents of the children, I have undertaken to give a brief account of the most interesting things from my point of view.

Thursday morning witnessed a scene similar to the old Normal days—small groups of teachers marching briskly towards an imposing brick building, which in this case was Wainwright School, where a somewhat harrassed secretary was waiting to register them. This formality over, all proceeded towards a classroom upstairs and convention began. However this is not a report and I am not going to proceed from day to day but merely mention the most outstanding parts.

Mayor Cork of Wainwright in a short address welcomed the teachers to the oil town.

There were some well thought out papers and addresses one or two of the most interesting I shall mention here.

Mr. O. Nelson B.A. Inspector of Schools gave a comprehensive address on the Motivation of School Work. He outlined thoroughly the necessity for a motive in all subjects of the curriculum mentioning especially—dramatization in reading, Spelling in Business and the practical in Arithmetic.

The cause of the Alliance was as usual forcibly presented by G. W. Barnett, Secretary of the Alberta Branch.

Miss McKittrick of the Wainwright staff, and who some years ago taught school about ten miles south of Chauvin, taught a lesson on Simple Interest to a Grade VIII class. The lesson was well presented and the class responsive. How many teachers recognize that last sentence.

The second lesson was taught to a grade II class by Miss Keith of the Wainwright Staff. The lesson was a language one on "seen" and "saw". Miss Keith had two men, one was Mr. Saw and one Mr. Seen. The latter had a crutch which turned out to be "have" "has" or "had". The children liked the idea and enjoyed the lesson as much as we.

Mr. G. F. Hollonshead Principal of Wainwright School gave an enlightening address on that difficult phase of Grade IX work General Science. He emphasized the need of experiment in this work and by way of illustration showed some of the utensils which could be had in a rural school and did the experiments using them.

Mr. K. Tookey of Chauvin H.S. (Continued on page eight)

A Meeting will be held in support of the U.F.A. Candidate H. E. Spencer, in the I.O.O.F. Hall, Chauvin on Tuesday, October 27th at 8 p.m. All welcome.

MANITOU LAKE COUNCIL MEETING MINUTES

Meeting of the Council held in the office at Marsden Sask. on the 12th day of October 1925.

Present: Reeve Berry; Clrs Wells, Lawson, Smith, Dutton & Bradley.

Minutes: The minutes of the last meeting were read and passed on motion.

Tax Cane.: It was moved that \$87.00 arrears, against the Atlas Elevator Co. at Artland be cancelled. Carried.

Unwin: The townsite plan of the Townsite of Unwin dated Sept 18th, 1925, was approved by the Council.

Roads Leased: A. Wells was allowed lease of the roadway W. of the W½ 28-45-27-3rd.

H. B. Polkinghorne was allowed lease of the roadway N of the N.W. 10-45-27-3rd.

Diversions: Moved that the balance be paid to bring the payment to \$35.00 for diversion of 1.73 acres on the N.W. 16-45-27-3rd. Carried.

The following diversions were ordered paid as follows:

S.E. 5-45-27-3 3.33 acres at \$15.00 per acre and with \$33.30 compensation.

S.W. 6-45-27-3rd 2.54 acres at \$15.00 per acre and \$25.40 compensation.

S.E. 14-46-26-3rd 1.1 acres at \$10.00 per acre.

N.E. 13-46-27-3rd .2 acres at \$10.00 per acre.

N.W. 18-46-27-3rd 1.27 acres at \$10.00 per acre.

N.E. 22-45-27-3rd .11 acres at \$10.00 per acre.

N.W. 23-45-27-3rd 1.63 acres at \$10.00 per acre.

S½ 27-45-27-3rd 6.99 acres at \$20.00 per acre with compensation included in each and every parcel above mentioned.

The following bills were passed for payment:

San. Pool, Grant 108.19

Top. Surveys, Stat. 1.40

Dept. of Hgs, Stat 2.50

Lashburn Hosp. Hosp. Aid 151.00

Provost Hosp. Hosp. Aid 31.00

Forster Bros. Sundry ... 3.00

A. W. Moore Bldgs Cap 22.75

T. J. D'Arcy Rdr. 2 5.00

J D. Parker Rds. 2. 5.65

Imp. Lbr. Co. Rds. Gen. 14.35

The Secy. was given instruction to proceed by dstraint and otherwise for the collection of Taxes, Seed Grain Loans and Relief amounts.

Moved to adjourn. Carried. The next meeting will be held in the office at Marsden on the 9th day of November 1925.

HENRY E. SPENCER AND J. R. LOVE, M.L.A. SPEAK AT KILLARNEY

Mr. H. E. Spencer, M.P. for the past four years and J. R. Love, M.L.A. addressed a large and attentive audience at Killarney in the afternoon of Thursday October 11th.

The chair was ably filled by Mr. J. Tooth,

Owing to delay on the road the meeting was late in starting, and it was asked by the chairman, if under the circumstances Mr. J. R. Love should give his address.

Moved L. A. Cayford—W. T. Watson, that Mr. Love address meeting.

Mr. Love then addressed the meeting.

Mr. Spencer gave a very interesting address to a very appreciative and interested audience.

Meeting adjourned at 6 o'clock p.m.

MR. SPENCER AND MR. AITKEN SPEAK AT EDINGLASSIE

H. E. Spencer, M.P. and A. F. Aitken of Moyerton addressed a well filled room at Edinglassie on the issues of the election, Thursday evening October 15th.

The chair was ably filled by Mr. Perry.

Mr. Aitken, in his opening remarks said he took much pleasure in speaking in support of Mr. Spencer who had during the past four years given such good service at Ottawa. Supporting this statement by some very complimentary remarks that had been made about the work of the Progressives, by the Speaker of the House of Commons and Mr. Fielding.

He criticized the Premier's ment that the Govt. had not a majority in the House by which they could carry out their platform, by citing the fact that the Govt. were given a clear majority of 120 or the Budget vote of 1924 and that they could expect similar support at any time when they attempted to put their platform into legislation.

Mr. King's promises to finish the Hudson Bay Railway was also questioned: considering the fact that the Govt. had never presented legislation to finish the project, during the past Parliament, and further that they had actually worked against the resolution three times favoring the completion of the line, that had been presented by a Saskatchewan (Continued on page four)

CONSERVATIVE MEETING

The public meeting in the interests of Mr. J. W. G. Morrison Conservative candidate for the Battle River Riding held Thursday evening in the I.O.O.F. Hall was well attended by people from both town and country. With Mr. Morrison were Mr. G. Hudson, Wainwright and Mr. Blair Provost. Mrs. Amour acted as chairman and introduced the speakers.

The speeches given by all three were interesting and up-to-date and sincere in their betrayal of the economic and financial position in which the people of Canada find themselves to-day.

Premier Mackenzie King after four years of inaction on the Liberal Policy of 1919-21 was again promising to carry out the old policy, if re-elected, with sufficient liberal representation from the west to keep him in power. He was not courageous enough to risk defeat, preferring power to keeping his pledged word.

The Rt. Hon. Arthur Meighen on the other hand had preached from one seaboard to the other a doctrine of all round protection for the workers of Canada, industrial and agricultural even when knowing that the West had no use for his policy, through it having been persistently misrepresented to them. Mr. Morrison gave the tariff figures in connection with the Australian treaty which was a decided blow to mixed farming in the prairie provinces. All three speakers spoke of the need of home markets to save the freight charges, and pointed out that with the impetus given to mining in Alberta by Mr. Meighen's promise of an assisted freight rate for Alberta coal that the result for Alberta would be industrial development, factories, etc., providing a home market for mixed farming products, thereby raising the demand. In connection with the huge expenditures by political supporters he quoted Mr. Meighen as making in an article in MacLeans the following statement:

"I give notice here and now to everybody, my own supporters included, that if the Conservative party is placed in power, its financial administration will be based on the most rigid economy, and none of its expenditures will be made merely for the object of being returned to power. By this means and by the added revenues which will come to our Dominion and to our railway treasury through revived business, taxation (Continued at foot of next column)

NOTES FROM NORTH EAST

Don't forget the Ladies Club of Shelcook are having a sale of work and dance on Friday, October 30th. This effort of the Ladies (in order to pay for organ in the new school) is well worthy of your support. Be present on his occasion and do your share.

We understand that Mr. and Mrs. Ullis are leaving shortly for the States where they intend to reside.

Mr. Merkle (of the S.S.B.) spent a day or two last week among the soldier settlers. He reports very favorably in this year's showing.

Mr Sidney Bingham (the Progressive candidate for S. Battleford) was in fine speaking form last Wednesday when a meeting was held in his support at Sherlock. He was accompanied by Messrs Stevens and Roberge. Mr. Alan C. Marshall proved a capable chairman.

Our local teachers (Miss McDougall and Miss Brown) attended the Teachers Convention at Kamourist last week.

The new school at Marsden is making rapid progress towards completion.

Mr. John Vallance (the Liberal Candidate), spoke at Marsden last Friday evening and Neilburg on Saturday. Good attendance reported at both places.

After the Federal Elections on the 29th inst, we must turn our attentions to the Municipal elections which will be closely upon us.

Buy it for less at Saker's.

A very enjoyable evening was spent at Fram School on Saturday week. The children (under the capable tuition of Miss Brown) rendered an excellent programme which was given in aid of the school basket ball fund. A very hearty vote of thanks to all who had taken part was moved by K. W. Coe and cordially carried. Mr. A. S. Lavold occupied the chair. The proceeds amounted to \$8.50.

(Continued from last column) tion can be reduced and Will be reduced. Mr. Morrison reminded his audience that the Conservative leader had shown a man of his word, courageous in performance and with the necessary administrative ability to put it across.

At the close of the addresses Mr. J. R. Love, M.L.A. said a few words, expressing his pleasure in hearing the Hon. Arthur Meighen when in the city. A vote of thanks to the speakers and the singing of the National Anthem brought the meeting to a close.

A CHAIN OF CONTACTS

If you, as a merchant, could be constantly meeting new prospective customers, you could keep your business healthy and flourishing without advertising.

But the main reason why ADVERTISING is a sound paying proposition is because it does this missionary work for you, constantly, efficiently, at low cost and leaves you free to render personal service and to plan further business development.

Look into the value to you of advertising in the Chauvin Chronicle from a business building point of view. Talk it over with us.

WAINWRIGHT CONSTITUENCY CONVENTION

The Wainwright Constituency Convention of the W. I. was held in Wainwright on Tuesday, Oct. 13th. The day was fine which inspired a good attendance. Delegates from Chauvin, Ribstone, Edgerton and Wainwright making a total of 90 W. I. members and visitors including a few husbands whom we like to see taking an interest in our work. Mrs. M. McCrea of Ribstone convener took the chair at 3.15 p.m. on her right was Mrs. Gates, Stony Plains, No. 3 District, Director and on her left Mrs. Royce Ribstone Sec'y-Treas. Pro Tem. Mrs. John Dallyn being unable to attend owing to threshing operation was nobly carried out interspersed with songs and instrumental music. The conveners of standing committees gave excellent papers on their work. Mrs. Armour, Chauvin, on legislation took for her subject Mrs. Parlyb Community Prosperity Act showing so clearly that although this act is not meeting with general approval there is a class of people who will be greatly benefited and therefore it behoves us to very carefully study and think seriously before taking action on this subject. Mrs. Armour has kindly promised to have the chief points of her paper on Legislation published in our Chauvin Chronicle and also in the Wainwright Star.

Mrs. Jas. Milne of Edgerton's paper on Child Welfare and Public Health was to say the least most instructive, it was full of good sound suggestions for the welfare of Baby and Mother-to-be that if only every wife and mother would try and study these subjects they would be saved an awful lot of worry and sickness both for themselves and their offsprings. A series of Little Blue Books by Dr. Helen MacMurchy can be obtained free of charge by applying to the Deputy Minister of Health Dept. Ottawa.

Mrs. Tranmer of Edgerton's paper on Agriculture was to the point, showing the advisability of mixed farming, the handling of profitable poultry, and gardening. Although often meets with discouragement it is well worth trying as a good garden means so much in the home.

Mrs. A. White of Ribstone's paper on Home Economics was well balanced showing how much more nourishment and nutriment can be obtained if only foods are cooked right, one should make a study of food values and the best that can be obtained from them.

Mrs. Freeman of Chauvin's paper on Canadianization was quite interesting although we in these parts have little experience on these lines we fully realize that all foreigners living in Canada should be willing for their children to be taught our language true Canadians. Mrs. Gates led a discussion and gave a talk on each of these subjects thereby giving a clearer understanding of this work.

One and all agreed that this our 5th Constituency Convention was the best to go on record.

Songs were given by Mrs. Keith Chauvin, Mrs. Clark and Miss Akroyd Wainwright, Piano Solo Mrs. Plyn, Instrumental, Father Le-maire, a reading Mrs. Freeman. Mrs. Telby, Wainwright Pianist, Mr. G. Hudson gave an address

on Immigration which was well delivered, one point he gave us was if only we would realize all our benefits derived from living in this wonderful country and not dwell on our hardships as we have no hardships these days when we compare them with the early days, we would be a far happier and contented people and that would give the encouragement for greater immigration.

A bountiful supper was provided by the Wainwright Local and was greatly enjoyed, and fully appreciated. A hearty vote of thanks was given them by Mrs. Warnock of Edgerton.

The election of Officers were as follows: Mrs. M. McCrea elected Convener for the ensuing year by acclamation. The conveners of standing committees were all re-elected with the exception of Mrs. Wheeler Edgerton. Mrs. Smiah of Edgerton was elected in her stead for Education and Better Schools.

The minutes of the last convention were read and adopted also Report and Financial Report.

The President of Ribstone extended a cordial invitation for the 1926 Constituency Convention to be held in Ribstone.

A hearty vote of thanks was given to all who kindly helped with the program and at 10 p.m. "God Save the King" was sung, thus ending a most happy and enjoyable convention.

Mrs. M. McCrea, Convener

Stranger: "Can you tell me where the post office is?"

Native: "There it is, right across the street. Any fool knows that!"

"Yes, that's why I asked you."

LOOKING BACKWARD

As we look backward, those times in our life which glow brightest are by no means times in which we have been most successful, but are the times in any, most desired in other human lives. Is there anything greater than being needed in this world —David Grayson.

Poultry raising is gaining much popularity in the Ukrainian settlements of Northern Alberta as a result of the activities of officers of the Dominion Live Stock Branch. Many new houses are being erected and flocks are being improved.

"Motorist are you? Got the latest thing in cars, no doubt." "I think so; it has never got me anywhere in time yet."

BOOK NOW

CANADIAN NATIONAL RAILWAYS

Mr. SPENCER AND MR. AITKEN SPEAK AT EDINGGLASSIE

(Continued from front page)

wan member.

Mr. Spencer (who spoke for an hour) drew the attention to the needlessness of an election at this time; and showed that it meant an addition to taxation of upwards of \$150,000.00 by an election being called now instead of at the end of the government term of office, this being made up by interest at 5 per cent on two million dollars, the cost of the election to Canada. The four issues as presented by Mr. King were dealt with in detail; these being:— Tariff, Transportation Immigration and Senate Reform.

He afterwards outlined other important problems, such as Financial Reform Unemployment and the National Debt; and questioned why the Premier did not bring these very important subjects before the public.

Both the Government and Official Opposition came in for severe criticism for the part they played in voting \$5,000,000.00 that was not needed to the Harbour of Quebec, this being referred to as the greatest piece of "Pork Barrel" legislation that Tariff Mr. Spence, years ago had seen. In dealing with the Tariff Mr. Spencer showed the impossibility of protecting the farmer with a Tariff when the

surplus produce had to be sold abroad, where the price obtained governed the home market.

The Railway problem was outlined at some length and the cost to Canada in land, cash and guarantees were given. He recommended the co-ordination of the two great railway systems and thus save huge sums of money to the Dominion.

The Government's immigration policy was shown to be too costly. The sum of \$11,200,000.00 having been spent during the past four years without expected results. It was claimed that the problem was one of colonization rather than immigration and various economic adjustments were suggested. The speaker readily supported Senate Reform and asked nothing during the past four years to this end, when a large majority in the House were pledged to this reform.

In speaking of Financial Reform, the speaker showed clearly the rapid growth of monopoly and drew attention to the danger this was to Canada.

The growth of Canada's debt from \$336,000,000.00 in 1914 to \$2,500,000,000.00 in 1925 was commented on and information given regarding issues of Bonds and Treasury Bills. In referring to Unemployment Mr. Spencer claimed that no government could claim exemption from responsibility as long as they controlled the Financial Policy, the Fiscal Policy and the Immigra-

tion Policy; when through any mishandling of any one of these the problem of unemployment would be increased.

The meeting closed with a vote of thanks being given to the speakers.

THE CALL OF CANADA

TO-DAY IS FOR HEALTHY, HAPPY CITIZENS

RED CROSS DAY

OCTOBER 31st 1925

EXTRACT FROM:

A message from His Honor the Lieutenant Governor of Alberta. President of the Alberta Division Canadian Red Cross.

People of Alberta:

Citizenship is a birthright of freedom and justice. With it is carried many honors and privileges as well as many responsibilities. True citizenship is the recognizing of its sacred duties, and not the living of a self-centred life, wrapped up in the welfare of self and family, oblivious to the needs of our neighbours. The sacred duties of citizenship embrace the rendering of assistance to those less fortunate than ourselves, and to those in distress in times of disaster or epidemic. We must see that our pioneers in outlying districts are properly with equipped hospitals, and that they have the ministrations of nurses, properly qualified and adequately trained. We should see that a proper crusade of health is maintained, so that preventable diseases will be avoided.

All these things cannot be accomplished by a single individual legislation alone, but they can be accomplished by the Health Authorities, or even by legislation alone, but they can be brought about by the sympathy, the whole

hearted goodwill, and the financial support of all our people enthusiastically enlisted in a crusade for better living conditions. To be of service, this support must do effectively and efficiently organized and administered. I firmly believe the Red Cross offers the most effective channel for the direction of such service.

A class for the benefit of any one who wishes to become familiar with Latin is being arranged for. This class is mainly for beginners, but I shall be glad to meet with any who might be at a more advanced stage in the language. Will anyone interested in this class kindly see me this week.

Rev. P. Ferguson MacSween

Everybody enjoyed the dance held at Edinglassie School under the auspices of the U.F.A. on October 15th. The proceeds were devoted to the U.F.A. Campaign.

Be sure to get your share of the thirty-thousand pounds of apples arriving at Saker's this week.

Saker's unloaded their winter supply of winter apples here on Monday. This car contains nearly all extra fancy quality apples wrapped, in cases, and such apples have never arrived before on the prairie. The quality is far ahead of the average.

A CORRECTION

The dance announced under the heading of Edinglassie U.F.A. in last week's issue, should not have been announced under this heading as it is not a U.F.A. event.

LEALHOLME U.F.A. ANNUAL CHICKEN SUPPER

The Lealholme U. F. A. Annual Chick-en Supper will be held evening, November 6th. A dance will follow. Good music. Good Floor. Admission to Supper and dance, Adults \$1.00; children 12 to 16, 50c. Everybody is cor.

DANCE AT BULL CREEK

A dance will be held at Bull Creek School on Friday next, October 23rd. Good music will be provided, and a good time is assured. Everybody welcome.

WESTMINSTER CHURCH CHAUVIN

SUNDAY, OCTOBER 25th 1925

Sunday School, in Church 11 a.m. Prosperity, Service . . 1.30 p.m. Airlie. Service 3.30 p.m. Chauvin Service . . . 7.30 p.m.

All are welcome to these services.

RED CROSS
LANTERN LECTURE

An interesting lantern lecture was given on Saturday evening last in the I.O.O.F. Hall By Mrs. Conquest official representative of the Juioir Red Cross Society.

In spite of the very short notice given there was quite a good attendance. Rev. P. F. MacSween acted as chairman.

The meeting was opened by the Singing of O Canada. Mrs. Freeman presided at the piano Mrs. Keith gave a vocal selection. The lecturer then gave an outline of the Red Cross Work from its beginning when Florence Nightengale first tended the soldiers on the battlefield up to the present day, when the Red Cross Society is known practically all over the world. She explained how the Red Cross no longer confines itself to taking care of sick and wounded soldiers but has extended its work to teaching both old and young the best way to take care of their health. Several pictures were shown of children

who had been and were still being taken care of by the Junior Red Cross both in this and other countries. How appliances were provided for crippled children and how the best methods obtainable were used for their relief. Some pictures were also shown of the Junior Red Cross Hospital at Calgary and an invitation extended to any who when in that city would like to visit the institution. At the close of the lecture a very hearty vote of thanks was then very interesting lecture. The singing of the National Anthem brought the evening to a close.

THE BIRTHDAY SUPPER

Everyone who attended the birthday supper given by the W.L.A. in the Oddfellows Hall on Monday last, cannot say too much in praise of the Ladies for the very dainty supper, and for the beauty of the tables on which an immense amount of time, and labor had been expended. The 12 tables each represented one of months of the year and were appropriately decorated. January as the month of snow. February looked very pretty as St. Valentines day, and March with its Shamrock as St Patrick's Day; April table looked very dainty as Easter. and May had a miniature May pole; June was for the June Bride, and July, the centre table was decorated as Dominion Day; August the Bathing season at Salt Lake, September Fruits and nuts. October was All Hallow E'en, and boasted a lighted pumkin; November reminded us that Thanksgiving Day is in that month, While on the table for December flourished a Christmas Tree.

Some of the bigger girls, daintily attired and each wearing a pretty apron made of crepe paper attended teh tables.

The amount taken of the supper was about \$53.00 expenses \$15.00, leaving about \$38.00 net proceeds which is to be devoted to church funds.

The Ladies wish to thank all from town and country for donations and patronage.

We have just received the news that Mr. Foreman's mother, Mrs. Morgan, of the Killarney District passed away yesterday afternoon.

It is not too soon to order your Christmas cards for sending to the old country. We have our new samples in and invite you to call in and look them over. We have some very choice cards at moderate cost. Your personal greeting card is eagerly looked for by new and old friends.

"MERTON OF THE MOVIES"

All should see the Pictures nexst Monday, "Merton of the Movies" A Paramount picture featuring Glen Hunter with Viola Dana and an All Star Caste. Begins at 8-30 in the I.O.O.F Hall. Chauvin and at Edgerton Tuesday next. No need to ask is it a good picture It is a Paramount. A good comedy will also be shown. Good music.

Tube of Palmolive Shaving Cream and a can of Palmolive after shaving talcum for 50c. Mc.Kechnie's Drug and Stationery Store.

EDINGLASSIE U. F. A.

An enthusiastic meeting of the Edinglassie U.F.A. was held Oct. 8th. Amongst othr business attended to was the ordering of coal. Secretary was instructed to take orders for this from An take orders from any wishing to secure same.

A committee was formed to make arrangements for dance, to raise funds for U. F. A., campaign.

RIBSTONE W. I. NOTES

The Ribstone Women's Institute held a very successful sale of Home Cooking and served afternoon Tea Saturday October 3rd. Proceeds to be given to the three local schools for their Gmas trees.

The next meeting of the Edinglassie meeting will take place Number 12.

Like Honey? Saker's have the finest honey you ever tasted. Call and see it, taste it, note the low price and then buy your winter low.

* * *

A very good crowd attended the supper and bazaar recently held at Ribstone by the L.D.S. Ladies Aid. The total proceeds were \$117.70. The Temple Builders also had a table and collected \$27.00. The ladies wish to thank all who took part or in any way helped to make the supper a success. Particular credit is due to Tom Young for he able manner in which he auctioned off the cakes, pies and fowls.

* * *

Save waitig and bother, see the goods you buy, you get no substitutes at Saker's and the prices are compeaitive and in most cases originally low.

DANCE

A dance will be held in the I.O.O.F. Hall on Friday October 23rd at 8.30 p.m. Chauvin Orchestra. Everybody welcome. Gents \$1.00; Ladies Free.

VILLAGE OF CHAUVIN

BY-LAW NO. 24

To provide for the early closing of stores and shops within the Village of Chauvin, and for the observance of Legal Holidays and Summer half holidays.

The Council of the Village of Chauvin enacts as follows:—

(1) That it will be unlawful to keep the following classes of business open after the stated hours six-thirty 6.30 o'clock P.M., on Monday, Tuesday, Wednesday, Thursday, and Friday. Satur-

day the closing hour shall not be later than eleven o'clock P.M.

(2) The following classes of Business will be effected by the early closing, General Stores, Dry Goods Stores, Groceries Stores, Jewellry Stores, Drug Stores, Butcher and Meat shop and Hardwarer stores.

(3) This By-Law shall be in effect throughout the entire year with the exception of the six days immediately before Christmas, when the closing hour shall not be later than ten o'clock P.M., except Saturday which is otherwise provided for in this By-Law.

(4) Legal Holidays.

That all business places except Hotels, Restaurants, Ice Cream parlors and Lunch rooms shall close and observe and respect all Dominion Holidays. That is the following:—

New Years, Good Friday, Empire Day, Dominion Day, Labour Day, Thanksgiving and Christmas.

(5) That the Summer Half Holiday will take effect from May 15th to August 15th inclusive, and places of Business shall close not later than 12.30 o'clock P.M. noon Wednesday. The same places of business shall be effected by this as Legal Holidays, that is all places except Hotels, Restaurants, Ice Cream parlors and Lunch rooms.

(6) Any person found guilty of a breach of this By-Law shall upon conviction before a Justice of the Peace or other Officer having jurisdiction, be subject to the penalties imposed by the By-Law of the Village of Chauvin being a By-Law for the enforcement of the Village By-Laws.

Done and Passed in Council at the Village of Chauvin this 6th day of October A.D. 1925.

Certified a true copy.

Old Seigneury Mills That Grind New Grist

(1) Over a century old and still going as strong as ever. A grist mill of another age. (2) Seigneury Mill that has withstood the years. A relic of the far-off past. (3) One of the many Round Towers and Grist Mills that are to be seen on the C. P. R. run from Montreal to Quebec.

Travelling on the Canadian Pacific Railway that runs from Montreal to Quebec many quaint and memorable sights will impress the passenger. Picturesque villages, wayside shrines, old-world pictures of many kinds will delight his eyes and recall something of that far-off past which the hurry of modernity has banned everywhere else in the New World. Not the least picturesque of these spectacles are the old Seigneury Mills of the first settlers from France, come down to us unchanged from the seventeenth century.

Old Quebec is full of these quaint old round towers of grain. Towers whose skeleton arms stretch picturesquely to heaven imploring, it seems, the breeze, not to fail the old sails that have turned so long. Like bony fingers they point back to other times and forward to these and they seem to say "We indexed the road to the growth of grain, to the baking of

the loaf, the founding of the family, the awakening of the west." And the hardy, industrious French Canadians who bring the grain to the mill and cart the flour away are the sons and daughters of the old Seigneury settlers who built the mills and set their wings a-turning.

New visions were opened up in the olden days as, each morning, the pioneers awoke to the hum of the mills' revolving arms. Men at work in distant fields heard and received encouragement to go on, knowing well what the old mill stood for. Now, these same old Seigneury Mills on the landscape of French-Canadian Quebec, still hum out the same note of encouragement. A note all the richer since it is mellowed with age and who shall say, looking upon one of these tired old mills that Seigneury is not one of the grandest of Canadian heirlooms.

WAR AGAINST INSECTS

It is estimated that from 10 to 25 per cent of all crops grown in Canada is lost by the ravages of insects and that the annual loss in value each year reaches the enormous total of over one hundred million dollars. The crusade against this devastation, which is carried on by officers of the Dominion Entomological Branch at Ottawa and in the various provinces, is thus of a herculean character. As circumstances warrant it whole districts are brought under quarantine to prevent the pests in particular localities being shipped out on products upon which they prey. Trenches miles in length have been dug to trap the horribly destructive army worm; aeroplanes

have been used to survey areas infected with spruce budworm; poison gas has been experimented with to kill grasshoppers; parasites of different species are bred and used as auxiliaries in this gigantic warfare, and drugged baits are distributed at strategic points, that is where it is thought their use will be most effective. In no division of the work has greater activity and vigor been shown than in fighting the vicious corn-borer. Cities have practically been enpadeled as have practically been placed in a state of siege by men being stationed with rights of search to enforce the regulations and to see that no transportation of corn contrary thereto takes place. All of this important work has re-

sulted in the saving of crops worth millions of dollars. The farmer, fruit grower and citizen generally are appreciating more and more the assistance rendered by the Dominion Entomologist and his officers.

BANK BUILDS ADDITION

Contracts for an addition to their building in Edmonton to cost \$50,000, have been awarded by the Royal Bank of Canada.

COARSE GRAIN POOL PLANNED

Plans are now being laid by the officials of the wheat pool in Alberta to start a coarse grains pool if here is sufficient response. Contracts are now being mailed to members to ascertain the extent of the demand for such a pool.

NEW SUGAR FACTORY OPENS

The new sugar factory at Raymond, Alberta, will open for operations on October 23. Arrangements are being made for a ceremony in connection with the event, to be attended by prominent men from both the States and Alberta. The visitors from across Heber Grant of the Utah-Idaho Sugar Co., which established the Raymond Factory. It is anticipated that this factory will be but the first of a number eventually to be established in the irrigated districts of southern Alberta. The factory expects to handle between 75,000 and 90,000 tons of beets this year.

At the 35th anniversary of a wedding which took place recently a jar of quince preserve which was 16 years old was opened and found to be in perfect condition. The fruit followed a course of turkey at the family table.

A CHIRRUPODIST

Two boys halted before a brass plate fixed on the front door of a house. On it was inscribed in bold letters the word, "Chirrupodist." "Chirrupodist!" remarked one of them. "What's that?" "Why," replied his companion, "a Chirrupodist is a chap who taches canaries to whistle."

Rosemoyne Oct. 28,	2.30 p.m.
Wainwright Oct 28	8 p.m.

J. R. Love, H. E. Spencer and others will address the meetings

It doesn't need a large compliment to swell a small head.

A little kissing's a lot off fun if you can kiss the proper one.

Here and There

In the last fiscal year 3,843 homestead entries were granted in the Prairie Provinces, aggregating an approximate area of 614,880 acres, while, in addition, 710 soldier grants of 113,600 acres, make up a grand total of 728,480 acres so settled.

In 1915 Canada exported no wheat to China. In 1918 she sent only eight bushels to Japan. In 1924 China imported over 5,000,000 bushels of Canadian wheat and over 1,500,000 barrels of flour, while Japan took 7,000,000 bushels of wheat and 110,000 barrels of flour. It is predicted these figures will be well beaten for the current year.

The Grand Challenge Cup, emblematic of the First Aid Championship of the entire system of the Canadian Pacific Railway, will be competed for at the Place Viger Hotel, Montreal, November 15. The champions in a knock-out competition among Eastern and Western teams respectively, will fight it out for the trophy.

Plans are already being laid to make the 1925 Eastern International Dogsled Derby an even greater success than in any previous year, and it is reported that the prize money will be considerably increased next winter, with the object of attracting more teams and mushers from the West and the United States.

Fire Prevention Week, October 4-10, was observed throughout the Dominion, and to mark the sense of the importance of the occasion Mr. Grant Hall, vice-president of the Canadian Pacific Railway, broadcast an appeal by wire to every officer and employee of the system "to co-operate as in the past and set a good example by thoroughly cleaning up all premises."

Canada's great outlook, says a recent issue of the London Outlook, is that she wants more people, but of the right type, namely, steady agricultural workers with enterprise, initiative and endurance. Enthusiastic letters from emigrants under the joint scheme of settling 3,000 families in Canada are bound to have their healthy effect on relatives and friends dissatisfied with their lot in England.

E. F. L. Sturdee, general Passenger Agent for the Orient of the C.P.R., with headquarters at Hong Kong, has been appointed Assistant General Passenger Agent of the system at Montreal. His duties commenced here in October. He was relieved of his other work owing to ill-health, but the climate of Canada soon restored him to physical well-being. He has a long record of service with the C.P.R., dating back to his first appointment at Saint John in 1894.

Canadian Products Arriving at Southampton

A part from the importation of frozen meat, what is perhaps one of the most extensive and important branches of the trade of Southampton, England, is the import of flour and fruit from Canada and the United States. These commodities have for a good many years been arriving at the Hampshire port in steadily increasing volume, and as they are usually carried in large passenger vessels, to ensure prompt and regular delivery, the recent rapid development of liner traffic at Southampton has naturally been reflected in a corresponding growth in the imports of North American flour and fruit. So many of the big trans-Atlantic steamers have been diverted from other British ports that this movement was almost inevitable, and during the last few years developments in this connection have been very rapid. In consequence it is greatly to the credit of the Southern Railway Company that they have succeeded in so organizing their facilities in the docks that they have been able

Upper—How the cargo is stored ready for the consignee, showing one of the new electric trucks in action. Inset—Typical British longshoremen, who handle the cargo. Lower left—Unloading cargo from the "Empress of France" at Southampton. Lower right—Canada's products arriving in England for distribution.

to deal with all the increased traffic which has come their way in a most efficient and satisfactory manner. The appliances for handling cargo of this description are of the most up-to-date character, and the methods employed are such as to guarantee to the consignees of the goods the most prompt and careful despatch. As can be seen from the photographs we reproduce one of the improvements adopted by the port authorities is the transporting of goods from ship's side to shed by means of electrically driven run-about trucks, which results in a great saving of time and labor, and also reduces the amount of handling to which the goods are subjected, and so minimizes the risk of damage.

The system of road transport from Southampton Docks is also well organized, so that local consignees are excellently served, whilst the railway connections to London and the North of England are such that to quote only one example, it is possible for goods to be put on rail in the west of Canada or the United States, shipped across the Atlantic to Southampton, and be on sale in London inside 10 days. Besides boxed fruit and flour, which are shown in our illustrations being unloaded from the Canadian Pacific liner "Empress of France," bacon is another commodity which is now playing an important part in the rapidly growing import trade of the port.

THE PROFITABLE FEEDER STEER
(Experimental Farms Note)

That there is good money in feeding steers of the right type

Wagons, Boxes and Tanks

Genuine Ford Parts

Tires & Accessories

Singer Sewing Machines

Atwater Kent Radios

Yours For Service

Parcels & Harris, Phone 11 **Chauvin**

has been demonstrated at the Dominion Experimental Farm at Scott. At this station during a period of eight years an average net profit of fifteen dollars and forty cents per head has been realized.

In order to realize a substantial profit in feeding and marketing, steers of recognized beef type are required. Poor doing, unthrifty animals cost more to feed, spoil the appearance of the lots as a whole, are difficult to dispose of, and obviously are a losing proposition to the owner. It is, therefore, evident that when purchasing steers to place in the feed lot some experience is necessary in order to detect these undesirable individuals, and farmers who are not skilled buyers will usually find it more profitable to purchase steers through a reliable live stock commission firm. The losses incurred through ignorance of the market demands are appalling and the failure to sorting of steers into earload lots which are uniform as to breed, color, type, finish and age, contributes largely to these losses.

Both in this country and in the old country, the market shows a decided preference for the handy-weight butcher steer and the highest prices are paid for steers not exceeding 1300 pounds in weight. Steers of this description can be disposed of more readily and profitably as the smaller cuts of

meat are preferred by the consuming public and there is less waste. The big steer, which the Great Britain trade terms the 'carcass' bullock is not desired by the average butcher.

HANDLING THE BREEDING FLOCK
(Experimental Farms Note)

The success of the breeding flock depends entirely upon the management. Good feed and care materially influence the subsequent lamb crop.

Soon after weaning, when the ewes have been carefully dried up the breeding flock should be culled, separating the poor milking and poor breeding ewes from the main flock. In preparation for breeding the ewes should be fed a little grain and should have access to a good succulent pasture, such as rape or second growth alfalfa. However, where succulent pastures are not available, good oat stubble will serve the same purpose.

After breeding is completed, the rams should be removed from the flock and the ewes carried along in good condition until lambing time, when they may be fed such succulent feed as roots and silage for the purpose of stimulating milk production. Loose wool should be trimmed from the flanks and udder before lambing, as this gives the young lamb a better chance to secure nourishment.

The teacher gazed sorrowfully at the small boy who stood in front of her, charged with stealing toffee from one of his school-mates.

As it was his first offence the teacher did not cane him—a moral lecture would fit the case.

"Bear in mind, James," the teacher concluded, "that these temptations can easily be resisted if you turn a deaf ear to them."

The boy looked solemnly at her "But, teacher," he said, "I haven't got a deaf ear."

TO CURB FOREST FIRES

The British Columbia forest service is planning to extend its series of fire outlook stations so that eventually every important timber area in the province will have an observatory. Five look-out stations are already established and the department is now planning a station for Mount Benson, which will serve a wide area near Nanaimo and another on Phoenix Mountain near Cranbrook.

BIG FARM SALE

Some 700 acres of the farm of Frank Walker, at Fort Saskatchewan, have recently been sold in a deal involving about \$40,000. The land has been purchased by a new settler who intends farming on a large scale.

The hardest things in the world to keep are your money and your temper.

ONE TEACHER'S
IMPRESSION OF THE
WAINWRIGHT CONVENT'N

(Continued from front page)

read a well considered address on Silent Reading in Relation to Efficiency in Study.

Mr. G. Saul gave a somewhat of his experiences in regard to play as an educational factor.

Short talks were given by some of the lady teachers who attended Summer School on how the course which they took helped

them in teaching.

Mr. Huntingford led the community singing in an enthusiastic manner, and was successful in getting quite a volume of sound. However the roof of the school was firmly nailed on and we all enjoyed a few old favorites.

On Friday the main address was given by Mr. C. Sansom B.A. Instructor in Psychology and History of Education in Camrose Normal. Mr. Sansom was a favorite at Normal and his address was greeted with enthusiasm. His first speech was on the Relation

of Study to the Sub-conscious Mind. He cheered us up by informing us that though we may have forgotten much of what we studied, such as Latin, French and—dare I say it after that address?—Psychology, that they have all had an influence on that mind and that at some later time they will have a bearing upon our actions.

His later address was upon "Progress" He was inclined to say that there would be no real progress in education so long as education was a democracy. He was of the opinion that education never would advance and conditions never change until teachers ceased to practically neglect the brilliant child for the ordinary. He believed that the clever child should get his full share of the teacher's time and energy instead of only the third or less which he in most cases received. He advanced the theory that our educational system receive the same treatment as our railways, i.e. one man at the head, educated to and thoroughly understanding his work and who would be permitted to go right ahead and work out a system which would give fair play to everyone, parents, teachers and children. But Mr. Sansom admitted that as yet this had been found to be impracticable.

On Thursday evening the usual social took place.

The programme was an enjoyable one. Mrs. Conquest of the Junior Red Cross gave an entertaining talk on the work of that society, fully explaining how the Juniors in the schools could help and telling how much their work was appreciated. As further illustration she showed lantern slides from Paris.

Mr. Edward Corbett M.A. of the Department of Extension, U. of A. gave a very clever and witty lecture on Canadian Humor he read from Sam Slick of Slickville, "The Way to a Woman's Heart," which according to Sam Slick is to praise her children and suddenly discover their likeness to the mother. Prospective M.P.s take note!

Mr. Corbeta is particularly

good at reciting the Habitant poems and with Drummond's selection "The Stove Pipe Hole" he brought down the house. Robert Service also received attention in his poem "The Haggis O' Private McPhee" though some of us felt we could have helped a little with the accent. He concluded with Stephen Leacock's "Chairmen I Have Known" Leacock in his humor seems at times a little cruel.

The best I can say of this lecture is that it was one to which we could have listened much longer.

Songs by Miss Ackroyd and Mrs. Clark and a piano duet by Mrs. Pylens and another lady brought the programme to a successful close when the inevitable western touch was given to the occasion in a short dance.

On Saturday afternoon we said "au revoir" to the show case buffalo and set our faces homewards and schoolwards hoping that we might be able to retain enough of the influence to pass it on—which after all is the purpose of these conventions.

INA P. ARMOUR.

His Master's Voice records while they last at 50c each. These are double sided records regular 75c. We have about 100 left. Why now they will not last long
